

## **Call For Industry Paper/Report**

**We welcome submissions in the form of either a full Industry Track paper or an Industry Experience report. Submissions should present novel work and experiences with relevant topics including, but not limited to, the following:**

- WIFI 6.0, 5G, Firewalls, WAFs, and other related topics.
- Hardware and Networking Solutions
- Use cases and applications of event-based or distributed approaches
- Models, architectures and paradigms of event-driven or distributed systems
- Hardware acceleration (e.g., GPUs, FPGAs) for event-based or distributed systems
- Cloud-based infrastructure (VMs or containers) for event-based or distributed systems
- Distributed systems trade-offs for event-based applications
- Event-based or distributed systems reliability and fault tolerance
- Event-based or distributed systems transactional support
- Event-based or distributed systems security considerations
- Programming languages and DSLs for event-based or distributed systems
- Deploying and operating event-based or distributed systems
- Event-based or distributed systems in emerging domains (e.g., personalized health, machine learning)
- Testing and benchmarking of real-world, event-based or distributed systems
- Event processing for training machine learning models
- Inferencing of machine learning models from event streams

## **Support DATA'21**

We would like to invite you to sponsor the 3rd edition of the ACM DATA 201. By becoming a DATA'21 contributor, you will have the great opportunity to display your company and products at a major forum dedicated to event-based computing. DATA'21 is an established forum to bridge academia with industry. At DATA, you will get in touch with the best international students in the field who might become your future customers or staff. With your sponsorship, you will help us in keeping registration fees low while providing an excellent program, hence convincing even more attendees to join DATA'21. Moreover, sponsorship entitles you to

promote your company at the conference through logo placements and info material in various conference handouts, depending on sponsorship level (see below).

- Bronze (\$1000) Small logo on our web site and handouts
- Silver (\$2000) Medium logo on our web site and handouts One free registration
- Gold (\$3000 or more) Large logo on our web site and handouts Two free registrations Possibility to have a booth at the conference venue Some options are limited and will be offered to the earliest respondents.
- We are delighted to receive offers for prizes to be donated for the DATA'21 awards (best paper award, Grand Challenges award) and gadgets/giveaways for the conference bags.

If you are interested in any of the above opportunities for supporting the DATA'21 conference, please contact us @ [icemis\\_iares@yahoo.com](mailto:icemis_iares@yahoo.com).
